

Private Swim Lessons

How to get started!

All private lessons are done during open and family swim for beginners, unless specific private lesson times are noted on the schedule. Adult students that can swim 1 lap non-stop may have their lesson during lap swim. Check the pool schedule to find the best times that will work for you.

1. Look over our pool schedules (available online) to see time availability for lessons, choose a preferred swim instructor from the swim bios (online), then open and fill out the online private swim form and submit.
2. Wait to hear from an aquatic staff member within 1 week of filling out your request. If you are not contacted, please call the Aquatic Department at 773-326-2994.

Note: Due to the large volume of private swim requests, it may be necessary to enter your name on our waiting list.

3. With an instructor, schedule a date and time to have your swimming lesson.
4. Pay for the lesson at the Member Service Desk before arriving for class and present the receipt to the instructor.
